23 Sustainability @ ITMA 2023

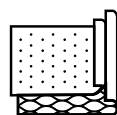

Welcome to ITMA 2023

Transforming the World of Textiles

Never has transformation been more critical than in the textile and garment industry today. Businesses are keener than ever to explore advanced technologies for smart manufacturing and sustainable production.

The ITMA 2023 theme, Transforming the World of Textiles, reflects the aspirations of both textile machinery manufacturers and textile producers that collaboration can bring forth a more sustainable future for the industry and the planet. Future-proof your business with best-in-class solutions that will put you ahead of the competition. Join us to transform the world of textiles.

The Four Trending Topics

Advanced
Materials

Automation and
Digital Future

Innovative
Technologies

Sustainability
and Circularity

**Mr Ernesto
Maurer**
President
CEMATEX

ITMA 2023 will highlight innovations and new approaches that serve as catalysts to inspire textile and garment manufacturers to grow their business and sustain their transformation journey.”

**Mr Charles
Beauduin**
Chairman
ITMA Services

As the world’s most established showcase of its kind, ITMA is the quintessential platform for the industry to buy and sell, and to collaborate face-to-face.”

The ITMA Advantage

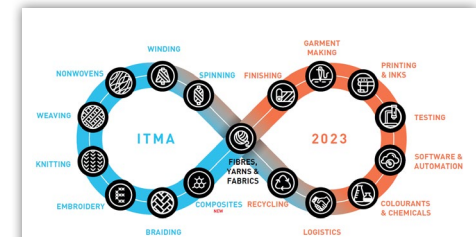

Innovation launchpad
where new technologies
and products are unveiled

**Manufacturers only

Highlights

The background of the page is an abstract, dynamic composition of flowing, curved lines. The lines are primarily in shades of blue, with vibrant streaks of red and orange. The overall effect is one of movement and energy, suggesting a modern and innovative theme.

Discover Innovations at the Start-Up Valley

This new initiative by CEMATEX to support and inspire innovation in the textile industry provides grants for start-ups to showcase their new solutions and technologies on a world stage. The Start-Up Valley will allow visitors to discover exciting new technologies that will drive growth in the industry.

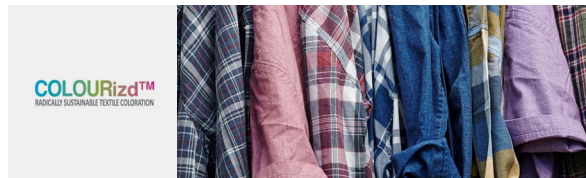

Apparel 4.0 Technologies

Intelligent Skill Mapping and Rating Technology (i-SMART) creates digital twin of sewing machine worker

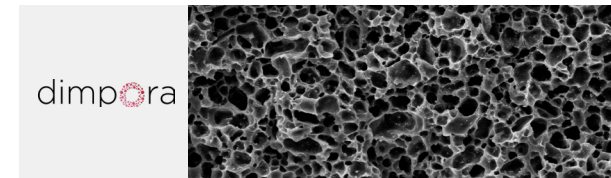

ColorKim

Natural textile dyes made from plants and vegetables

COLOURizd

Cost-effective sustainable industrial technology to colour cellulosic yarn

dimpora

100% fluorine-free, high-performance and versatile membranes for the outdoor wear industry

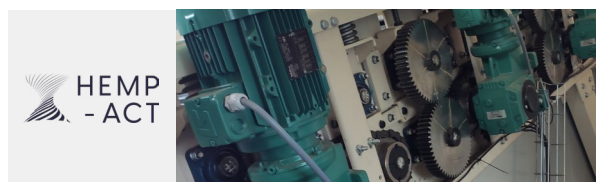

Fibrecoat

Conductive and damage-resistant bi-component multi-filament yarn used for EMI-shielding through composite materials

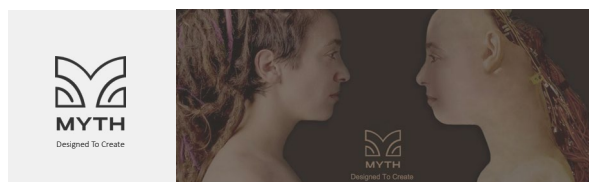

Haelixa

Creating transparency through traceability

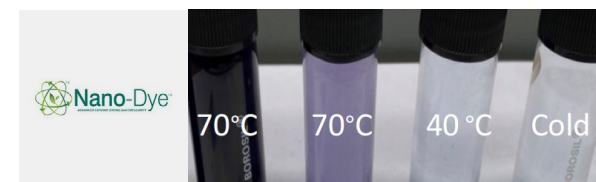

HEMP-ACT

Efficient hemp fibre processing machinery

Myth.AI

AI-based design software that digitises the design process of printing patterns

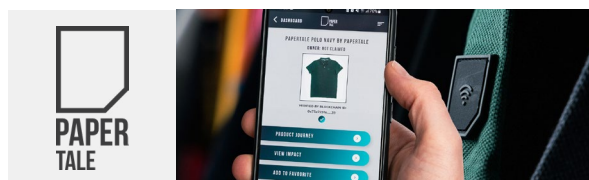

Nano-Dye Technologies

Disruptive sustainable cotton and poly/cotton dyeing

NOOSA

The circular textile fibre made from bio-renewable materials

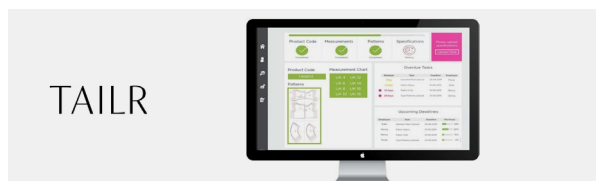

PaperTale Technologies

Textile value chain sustainability tracker

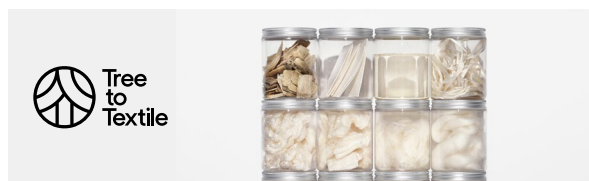

sewts

Artificial intelligence and computer vision software for robots to automate processes

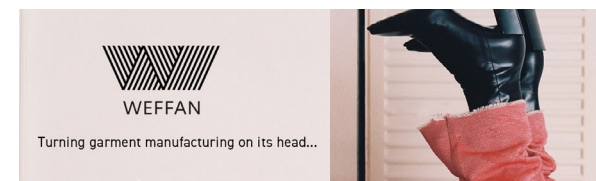

Tailr

Cloud-based platform streamlining garment production that reduces costs in sizing inconsistencies

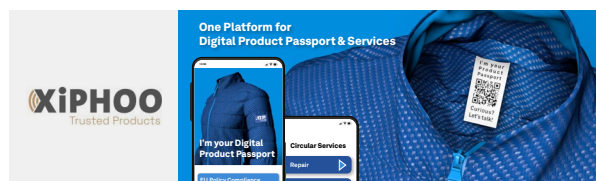

TreeToTextile

Sustainable, cost efficient, versatile bio-based cellulosic fibre technology

Weffan

3D woven clothing for a zero-waste future

Xiphoo

Unique end-to-end brand protection solution

ITMA SUSTAINABLE INNOVATION AWARD 2023

Winners will be announced on 8 June. The winner and finalists of each award category will present their innovative works at the Innovator Xchange on 9 June between 1030 and 1240 hours.

With the introduction of this prestigious award in 2015, CEMATEX hopes to recognise the success and collaboration of the entire textile manufacturing value chain in developing new, sustainable products and promoting excellent research on a global platform.

Finalists of ITMA Sustainable Innovation Award - Industry Excellence

Candiani SpA

Innovation: Candiani Custom
Nominated by FK Group SPA

Denim Moda

Innovation: Denim Moda Urban Factory
Nominated by Jeanologia

Limonta S.P.A

Innovation: Bio-Freed Sustainable - Minimal Effluent Dyeing Innovation
Nominated by Navis Tubetex

Finalists of ITMA Sustainable Innovation Award – Research and Innovation

Eva Wingerath

Innovation: Life Cycle Assessment and Evaluation of Composite Pressure Vessel End-Of-Life Recycling
Nominated by ITA Institut für Textiltechnik of RWTH Aachen University

Maryam Sodaga

Innovation: Banana Fibre as a Sustainable and Renewable Resource for Reinforcement of Polylactic Acid
Nominated by ITA Institut für Textiltechnik of RWTH Aachen University

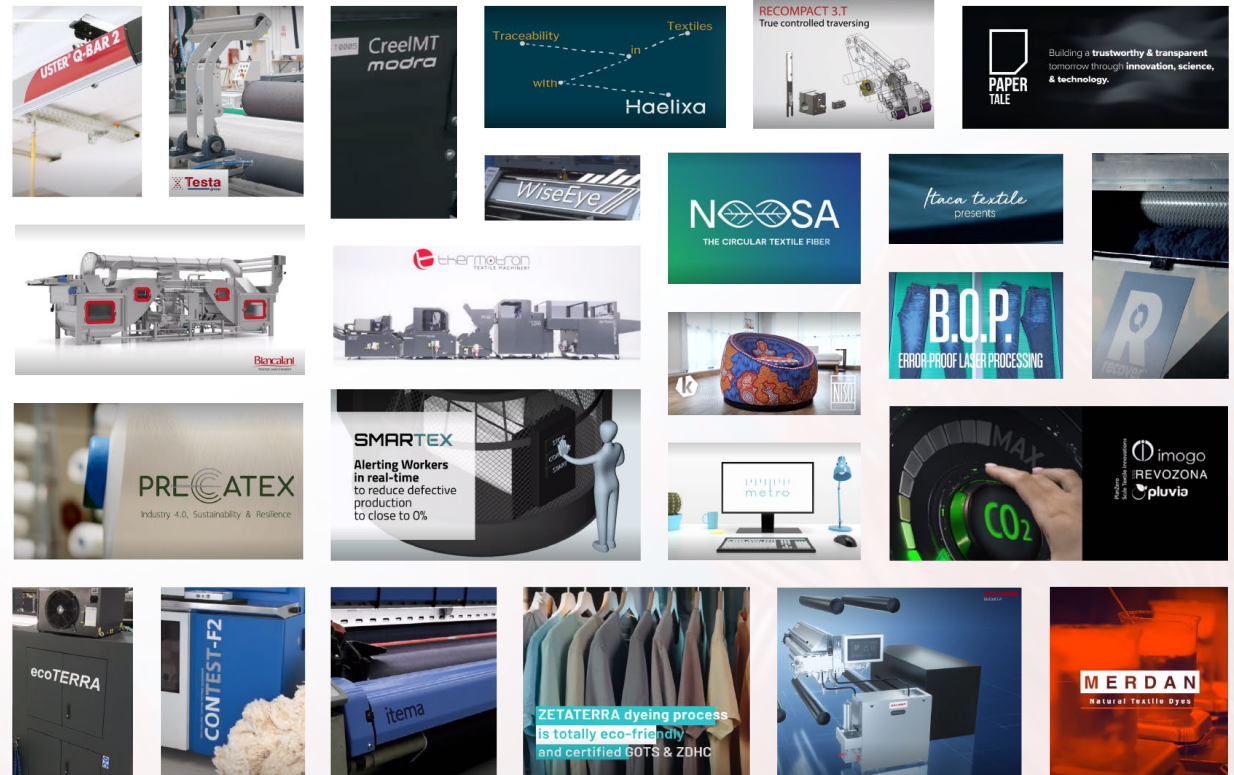

Philipp Benjamin Weigel

Innovation: Numerical Simulation of the Structural and Pullout Behaviour of Parametrically Generated Profiled Carbon Polymer Yarns
Nominated by TU Dresden, Institute of Textile Machinery and High Performance Material Technology (ITM)

Innovation Video Showcase

The Innovation Video Showcase highlights outstanding innovations in materials, textiles and garment technologies launched at ITMA 2023. Featuring 26 exhibitors, the showcase will go live at ITMA 2023 on 8 June.

Locate Innovations

Events

The background of the page is an abstract, dynamic composition of numerous thin, overlapping lines that flow and curve across the frame. The color palette is rich and varied, featuring deep blues, vibrant reds, and warm oranges, creating a sense of movement and depth. The lines are most concentrated in the center and right side, with some fading towards the left.

Innovator Xchange

9 - 13 June

Innovator Xchange, located at Hall 3, will host a series of forums over five days. With insights from global industry leaders, this will be an intense and practical discussion of current and future industry trends.

Visitors can learn from industry professionals on four trending topics: advanced materials, automation and digital future, innovative technologies, and sustainability and circularity. They can also gain valuable insights from the winners and finalists of the ITMA 2023 Sustainable Innovation Award.

9 June	10 June	11 June	12 June	13 June
1030 – 1240 hours	1030 – 1700 hours	1030 – 1700 hours	1030 – 1700 hours	1030 – 1700 hours
Presentations by ITMA Sustainable Innovation Award Winners and Finalists	Presentations on Advanced Materials	Presentations on Automation and Digital Future	Presentations on Innovative Technologies	Presentations on Sustainability and Circularity

[View Full Programme](#)

The fourth edition of this forum aims to offer practical and technical insights to professionals in this field. Join the conversation with like-minded professionals as they discuss trending subjects in the colourants and chemicals industry.

Keynote Presentation

Textile Wastewater: Addressing Microfibre Loss During Manufacture

Joint Presenters

Ms Sophie Mather

Co-Founder and Executive Director
The Microfibre Consortium

Mr Prasad Pant

Director, South Asia
ZDHC Foundation

Guest Presentation

Innovation Leading to a Reduction in the Usage of Water, Energy and Chemical Consumptions for the Dyeing Process

by

Mr Suhas Khandagale

Global Material Innovation & Strategy Manager, H&M Group

Key Topics of Exhibitor Presentations

- **Towards a Safer and More Sustainable Chemical Use in Textile Processing**
- **The Rise of Recycled, Natural and Bio Dyes and Their Positive Impact on the Environment**

Panel Discussion

Scaling Textile Processing Innovations to Unlock the Fashion Industry's Decarbonisation Opportunity

Moderated by

Ms Jana van den Bergen

Innovation Manager, Fashion for Good

Panellists

Mr Per Stenflo

CCO and Founding Partner, imogo AB

Mr Prasad Pant

Director, South Asia, ZDHC Foundation

ITMA Nonwovens Forum

10 June

Notes:

1. VAT at prevailing rate is applicable
2. Includes one lunch and one afternoon tea break
3. A valid ITMA 2023 badge is required

[Register for Forum Badge](#)

[View Full Programme](#)

The forum opens up a whole new world of innovation opportunities for a wide range of industries. Network with like-minded professionals looking to expand or integrate nonwoven manufacturing into their current textile manufacturing value chain.

Gain insights from trending topics related to nonwoven machinery and processes, emerging applications transforming the textile industry, and the latest trends and innovations driving sustainability.

Keynote Presentation

Ready Now Nonwoven Solutions for the Global Plastics Crisis

Presenter

Dr Bryan Haynes

Technical Director Global Nonwovens, Kimberly-Clark Corporation

Key Topics of Exhibitor Presentations

- **Innovations in Sustainability within the Nonwovens Industry**
- **Harnessing Digital Technology for Manufacturing Within the Nonwovens Industry**

Panel Discussion

Leveraging Sustainable Innovation and Digital Technology in the Nonwovens Industry

Moderated by

Professor Stephen J. Russell

Professor of Textile Materials & Technology, Leeds Institute of Textiles and Colour

Panellists

Dr Bryan Haynes

Technical Director Global Nonwovens, Kimberly-Clark Corporation

Dr Behnam Pourdeyhimi

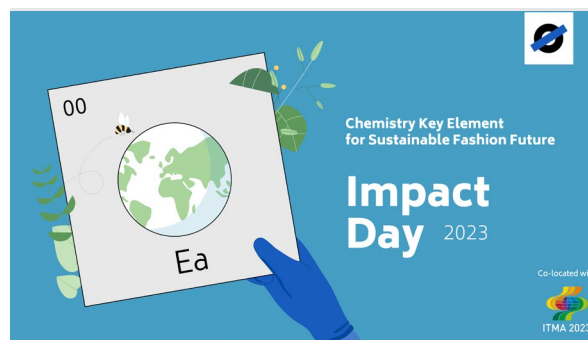

Executive Director & Associate Dean, The Nonwovens Institute

Dr -Ing Martin Dauner

Head of Competence Centre, Chemical Fibers & Nonwovens, Deutsche Institute für Textil (DITF)

Partner Events

Experience ITMA 2023 with well-rounded perspectives from events organised by industry partners driving the sustainability agenda in the textile value chain, from technology innovators to textile manufacturers to fashion brands.

ZDHC Impact Day 2023

11 June

The ZDHC Impact Day 2023 will highlight the organisation's efforts, impact, and achievements in the last year. Participants will also learn about ZDHC's new strategy, improved vision and Roadmap to Zero until 2030, as well as sustainable chemical management.

Download Your Essential Guide

The ITMA App is the integrated contact and content engagement hub for ITMA 2023 and ITMAconnect on the go. It features the exhibitor list incorporating the digital space on ITMAconnect, Events @ ITMA 2023, and a wayfinder to help you navigate within the exhibition halls.

Log in using your ITMAconnect account to:

- **Explore and connect** with participants through Meet.
- **Set up your onsite meeting schedule** before visiting the exhibition.
- **Bookmark interesting events** and receive reminders when event dates get closer.
- **Plan your itinerary.** Let the AI recommend companies based on your interest and main business area.

Download ITMA App

Connect and Source Anytime, Anywhere

ITMAconnect is the world's largest digital listing of textile and garment technology manufacturers. This new digital tool is useful for planning your visit to ITMA 2023.

Connect directly to manufacturers

Explore and discover the companies and products available from almost 1,700 exhibitors. Gain direct access to the people you need to speak to, anytime, anywhere.

Visit to ITMA 2023 made easier

Use the many platform features to plan your visit. Bookmark exhibitors, locate stands and plan your route using the interactive floorplan, send meeting requests and start the discussion via Messaging, and activate Notification to be reminded of your meetings and events.

Grow with the industry

This is your go-to knowledge hub packed with expert curated content and events throughout the year. From webinars on trending topics, live demonstrations, to sector-focused sourcing festivals, there's something for everyone to gain knowledge and grow with the industry.

All ITMA 2023 visitors will continue to have access to ITMAconnect after ITMA 2023.

Getting to the Venue

Smart Exhibitor List and Floorplan

Opening Hours

8 – 13 June 2023: 1000 to 1800 hours

14 June 2023: 1000 to 1600 hours

Food & Beverage

Get details of all F&B outlets that are operational during the exhibition through the ITMA app from 8 June.

Getting Around the Exhibition

Exhibitors are organised by sectors. All halls and the Congress & Service Centre are connected via Corso Italia on the ground floor and Ponte Dei Mari on the 1st floor.

Information Counter, ITMAconnect Help Desk, Lost & Found

These services are available at the ground floor of the Congress & Service Centre.

Left Luggage

This is a chargeable service and is available at all visitor registration areas.

Prayer Room

The room is located at the ground floor of the Congress & Service Centre.

Visitor Registration

Visitors can access the exhibition halls via any of the six registration areas. The areas are located before the entrance to each pair of halls and are accessible via Ponte Dei Mari on the 1st floor.

Visitor Guide and Daily News

Grab a printed copy of the Visitor Guide and Daily News at the entrance of the halls. You can also access the digital copies through the ITMA app from 8 June.

Wi-Fi

Stay connected with free Wi-Fi at ITMA 2023.

Sustainability @ ITMA 2023

Make Your Participation Green

Every ITMA 2023 participant can help preserve the future of our planet however small the efforts may be.

Bring Your Own

Think Digital

Go Public

Bring Your Own

Minimise waste, recycle and reuse

- Bring your own badge holders and lanyards if you have them.
- Avoid single-plastic use by bringing your own water bottle.

Think Digital

Reduce printed waste

- To get more information on exhibitors and their exhibits, use ITMA app and ITMAconnect. Explore, search and connect with exhibitors via the digital platforms.

Take Public Transport & Carpool

Reduce carbon footprint by taking public transport

Getting to the venue

- For schedules and fares
 - Metro
 - Train
- Carpool and reduce travelling costs. Ample parking spaces available at the venue.
