FUTURE-PROOF YOUR BUSINESS

THE WORLD’S LARGEST TEXTILE & GARMENT TECHNOLOGY EXHIBITION

20-26 JUNE 2019
Fira de Barcelona, Gran Via Barcelona, Spain
www.itma.com

PLAN YOUR VISIT EARLY!
TRANSFORM YOUR BUSINESS
WITH INNOVATIVE AND SUSTAINABLE SOLUTIONS ACROSS THE ENTIRE PRODUCTION VALUE CHAIN

Han Bekke
President, International Apparel Federation (IAF)

ITMA is a very established textile machinery exhibition. Hence, our IAF members who represent the world’s leading brands and apparel makers find it an excellent sourcing platform. As we look for innovative solutions to offer consumers exciting products made in a sustainable way, we are glad to be able to explore new materials and technologies in one location at ITMA 2019.

EMBRACE THE DIGITAL FUTURE OF TEXTILE AND GARMENT MANUFACTURING

Technological innovation, a basis of industry transformation, is pivotal to the sustainability of the textile and garment industry. This has created a new era of intelligent and flexible manufacturing, and leading-edge innovations in many industries, including the textile sector.

Invest in the future of your business by exploring the best-in-class solutions at ITMA 2019. There are strategic opportunities for textile and garment manufacturers to integrate seamlessly various intelligent products and processes to stay ahead of the competition.

INNOVATING THE WORLD OF TEXTILES

19 exhibit sectors
Integrated solutions for the entire value chain

220,000 sqm (gross) showcase
Advanced technologies and live machinery demonstrations

1,600 exhibitors
Original manufacturers from 46 countries

1ST CLASS networking
Key decision makers, influencers and industry experts

120,000 visitorship expected
from 147 countries

GLOBAL INSIGHTS
Trends and issues at industry conferences and forums

A SHOWCASE OF THE ENTIRE TEXTILE AND GARMENT VALUE CHAIN

EXHIBIT HIGHLIGHTS
Discover how:
• outstanding quality can be achieved with maximum production performance, flexibility and effectiveness
• natural, technical and recycled fibres, yarns and fabrics continue to find new end-use applications
• fibre and yarn manufacturing systems are ensuring faultless throughput at every spinning position
• digitisation and robotics are revolutionising garment-making solutions
• 3D knitting and weaving are allowing new technical textiles and composite reinforcements to be realised
• automation is enabling greater accuracy and repeatability in nonwovens production
• digital printing is ushering in a new era of ‘make-on-demand’ production
• advanced recipes and bio-chemicals are leading to more sustainable fabric finishing
• research is trailblazing new industry innovations

ITMA INNOVATION LAB
• Research & Innovation Pavilion
• ITMA Speakers Platform
• Innovation Video Showcase

ITMA SUSTAINABLE INNOVATION AWARD
• Industry Excellence Award
• Research & Innovation Excellence Award

The garment industry is very competitive and production cycles are now even shorter. Therefore, we need to think out of the box and leverage new technologies to help us to be more productive. Many innovative solutions are being introduced, from processes to materials. Hence, an exhibition such as ITMA 2019, where we can explore all the solutions, from textile to garment making, and even materials, in one location is ideal for our members.

Vu Duc Giang
Chairman, Vietnam Textile and Apparel Association (VITAS)
KNOWLEDGE & NETWORKING EVENTS

ITMA 2019 is where the industry converges to explore new technologies, fresh ideas, effective solutions and collaborative partnerships.

MAKE IT BARCELONA IN 2019!

One of the most beautiful and exciting cities in the world, Barcelona has a huge number of attractions including the iconic Sagrada Familia church by Gaudi.

Enjoy a truly unforgettable experience with music festivals, parties and other exciting activities when you visit ITMA 2019.

“The Sustainable Apparel Coalition will organise its 2019 full member meeting in Barcelona around ITMA to offer our members the opportunity to easily attend both events. ITMA presents innovative solutions that can be applied to any part of the value chain in a way that aligns with the mission of the SAC and producing apparel responsibly.

Jason Kibbey
CEO, Sustainable Apparel Coalition (SAC)
